TO: PARENTS AND GUARDIANS

RE: BEGINNING OF TERM TWO NEWSLETTER

Dear Parent/Guardian,

We are delighted to have your child back to school this term. We are looking forward to a very successful term. We have high academic expectations of your child and we will do all that we can to help him/her achieve those expectations.

Because you are an integral part of your child's education, we know that home-school communication is of vital importance. We therefore intend to improve on it through increased use of school diaries and School App. Please check that two regularly. **Please note** that your child should carry his/her diary to school every day. Cases where teachers keep the children's diaries for prolonged periods are also being addressed.

### **TERM ONE REPORT CARDS AND PARENTS MEETING**

I would like to extend my invitation for you to come to a consultative parents meeting this Saturday 8 May 2021. During this meeting, term one reports will be issued and you will have an opportunity to discuss your child's behavioural and academic report with all your child's educators. It would do us a great good to investigate with you and the child what could be hindering the child from excelling and we can together forge a way forward.

Often times, children behave differently when they are at school in-front of their peers from the way do when at home in-front of their parents. We thus request that you come with your child to school during these parent-teacher interactive meetings as there could be some questions that the child could help us answer.

We believe that no problem is insurmountable if we all work together to solve it. We hope that no parent shies away from coming to school to ask about their child's academic progress on the basis of him/her being behind on school fees or other reason/s. **Dear parents – we only have one chance to raise our children right, let us not waste it. At-least send us a representative if you can't make it.**

The Principal's office will be open – please feel free to come see him if you have any questions or concerns.

**Please Note: Meeting time - 9:00 am to 12:00 pm.**

## **EXTRA-CLASSES FOR STRUGGLING LEARNERS**

Starting Saturday 15 May, our struggling learners from grade 4-10 will be given FREE Saturday classes in several subjects with emphasis on Mathematics, Mathematical literacy, English and content subjects. All we ask for is that you organize transport to bring us your child and support them.

For **Foundation Phase** students – extra classes will be conducted from 2 pm to 3 pm Monday to Thursday.

*Respective parents whose children have been sought out will receive a letter to this effect with the timetable attached.*
